

Ser. No. 10/064,177  
Art Unit: 2615

3

Printed 8/9/2005

**In the specification:**

5 Please replace paragraphs [0028] and [0031] in the Brief Description of the Drawings.  
as follows:

10 [0028] Figures 9A-~~D~~-E illustrate the pattern matched for chrominance calculation and  
coefficients for generating intermediate sums without RGB interpolation.

15 [0031] Figures 12A-~~D~~-E illustrate for an alternate Bayer pattern initialization the patterns  
matched for chrominance calculation and coefficients for generating intermediate sums  
without RGB interpolation.
